Carbohydrate and Fat Blocker!

Natural Solution for Weight Loss Effectively!

Complete formula with clinically proven ingredients!

Block Carbohydrate and Fat Absorption

Reducing Carbohydrates absorption while
enjoying starchy meal!

减少碳水化合物和脂肪吸收

有效瘦身的天然解决方案

完整的配方与临床证明的成分

在享受淀粉餐的同时能减少碳水化物的吸收!

7 Powerful Natural Ingredients

强效天然成分

Green Coffee Bean Extract (50 % Chlorogenic Acids) 绿咖啡豆提取物

- Antioxidants, metabolism booster.
- Increase fat burning, making you burn more calories.
- Reduce fat absorbed from the diet and store in the liver.
- Mediates blood sugar levels.
- 高抗氧, 促进新陈代谢。
- 加速脂肪燃烧, 让卡路里更有效燃烧。
- 减少脂肪吸收。
- 调节血糖水平。

Green Tea Extract (EGCG, Epigallocatechin Gallate) 绿茶提取物

- Powerful antioxidant.
- Increase the levels of hormones norepinephrine that tell fat cells to break down fat and turn into energy.
- Enhanced metabolism and boost the burning of fat.
- 高抗氧化
- 增加激素水平, 告诉脂肪细胞分解脂肪并转化为能量。
- 增加新陈代谢, 促进脂肪燃烧。

White Kidney Bean Extract (Phaseolamine, Phaseolus vulgaris) 白芸豆提取物

- Known as "Starch Blocker".
- React with alpha-amylase, reducing carbohydrates(calories) absorption by preventing carbohydrate from turning into glucose.
- Clinically and Scientifically proven that it can reduce the starches absorption up to 66%.
- 是天然淀粉阻滞剂。
- 与淀粉酶反应, 能减少碳水化合物(卡路里)吸收, 防止碳水化合物转化为葡萄糖。
- 临床和科学证明, 它可以减少淀粉吸收高达66%。

Garcinia Cambogia Extract (Hydroxycitric Acid HCA 60%) 藤黄果提取物

- A natural appetite suppressant that can curbs appetite and provides sense of satiety thus can reduce food intake.
- Inhibit the conversion of carbohydrate turn into fat and prevent new fat cell, inhibits fat production.
- 天然食欲抑制剂, 能提供饱足感, 抑制食欲, 减少食物摄入量。
- 有助于抑制碳水化合物转化成脂肪, 防止新的脂肪细胞和抑制脂肪的产生。

Africa Mango Seed Extract (Irvingia gabonensis) 非洲芒果种子提取物

- Can suppress fat production and promotes weight lost.
- Increasing adiponectin, a protein hormone involved in fat breakdown and glucose control.
- Reversing leptin resistance, a factor that can lead to obesity.
- 可抑制脂肪的产生, 帮助降低体重。
- 增加脂联素, 一种能分解脂肪和控制血糖的蛋白质激素。
- 逆转抗瘦素, 抗瘦素可导致肥胖。

Chitoglucan (KiOnutrime-CsG)

- A natural ingredient that is scientifically proven that it work safely preventing some of the fat in food from being absorbed by the body.
- It will bind dietary fat in the stomach to from a gel that is later excreted naturally without being absorbed.
- 科学证明它是一种能安全地防止食物部分脂肪被人体吸收的天然成分。
- 它将会与胃中的膳食脂肪结合, 随后自然排出体外而不被吸收。

Fucoxanthin (Wakame Seaweed Extract) 褐藻提取物

- A carotenoid pigment found in the Japanese Wakame Seaweed.
- Blocking the absorption of dietary Cholesterol and fats.
- Break the stored fat cells and turn it into protein to be used by the body as energy.
- Reducing abdominal fat.
- 在日本裙带菜海藻中的胡萝卜素。
- 阻止饮食中胆固醇和脂肪的吸收。
- 打破储存的脂肪细胞, 将其转化为蛋白质, 供身体用作能量。
- 减少腹部脂肪。

让瘦身更轻松
